### **Drawing of Lots and Tournament Schedule**

### **Duration and Evaluation**

- The match consists of two halves of 15 minutes each (gross time, the last 2 min each match in Net-Time)
- The winner will be awarded 3 points.
- Teams will be awarded one point for a draw \*

\* A draw in any of the group matches will be followed by a penalty 'shoot-out' to determine the final result:

- a. Each team will take five penalties
- b. If both teams have scored no goals or the same number of goals after five penalties, the penalty 'shoot-out' shall be continued in the same order and for as long as it takes for one team to have scored one extra goal after the same number of penalties.

Only those players who were on the field at the end of the match may take part in a) and b).

The winning team in the penalty shootout will have an extra point which will bring the point total to 2. The losing team in the penalty shootout will remain at 1 point.

If two or more teams/countries have the same number of points, the following system shall be used:

1. The number of points from direct comparison
2. The goal difference
3. The number of goal scored.
4. Fair play ranking
5. Decision by draw

### **Faults, Yellow and Red Cards**

- **In order to reduce fouls, a direct free kick will be reported by the referees at the end of the fourth cumulative foul.**
- A yellow card is used to caution players
- Two yellow cards within the tournament mean a ban from one match
- A yellow/red card means a ban from the match (where the team may be supplemented\*\*) and (a ban from one match)
- A red card means a ban from the match (where the team may be supplemented) and (a ban from one match). This suspension is submitted to the appeal panel which may increase the number of games of suspensions depending on the act committed by the sanctioned player.

Any serious foul play or violent conduct against players, organizers, referees or spectators will be punished with exclusion from the tournament. The decision of the championship committee is final.

### **\*\*Decisions**

A banned player may not be used again. He may not sit on the players' bench, but he shall leave the vicinity of the pitch. Nor shall he be allowed to sit on the substitutes' bench.

Two actual minutes following his ban, a substitute may come on, subject to the time keeper's permission, unless a goal is scored during those two minutes, in which case the following rules shall apply:

- If the team with the higher number of players scores a goal, whilst there are 5 against 4 players on the pitch, the team with the lower number of players may immediately bring on a fifth player to supplement its team.
- If a goal is scored, whilst there are 4 against 4 players on the pitch, the number of players of both teams shall remain unchanged.
- If the team with the higher number of players scores a goal, whilst there are 5 against 3 or 4 against 3 players on the pitch, the team with the lower number of players may bring on one additional player only to supplement its team.

- If a goal is scored, whilst there are 3 against 3 players on the pitch, the number of players of both teams shall remain unchanged.

If the team with the lower number of players scores a goal, the match shall continue with the existing number of players
